Rock Paper Scissors Planner

NAME _____ DATE _____

Who wins?

> Rock beats scissors. Scissors beats paper. Paper beats rock. In this game, the computer always picks rock.

YOU PICK	COMPUTER	WHO WINS?	GAME PRINTED
rock	rock		
paper	rock		
scissors	rock		

Then fill in the code:

```
player_choice = input("_____: ")
computer_choice = "_____"
if _____ == _____:
    print("_____")
elif _____ == "_____":
    print("_____")
else:
    print("_____")
```

Test it: type `rock`, `paper`, then `scissors` in lowercase. Write what printed in the table.
